

Infrastructure Renewal Project Victoria Avenue (Wyandotte Street West to Erie Street West)

Windsor, ON: As part of an ongoing infrastructure renewal program by the **Windsor Utilities Commission** (WUC), D'Amore Construction 2000 Ltd. will undertake the following construction project, beginning Monday, June 13, 2016, weather permitting:

- Construction of a new 300mm PVC watermain on Victoria Avenue from Wyandotte Street West to Elliott Street West and a new 200mm PVC watermain on Victoria Avenue from Elliott Street West to Erie Street West.

Please note that Victoria Avenue will be reduced to one lane and restricted to local traffic only for the duration of the project. The project is expected to take 10 weeks. While every effort will be made to minimize traffic impacts, occasional delays can be expected. To ensure the safety of our workers, we request that motorists exercise caution when approaching the construction site.

About Windsor's Electricity and Water Operations:

The **Windsor Utilities Commission** (WUC) owns the water production and distribution infrastructure in the City of Windsor. WUC also owns the downtown District Energy heating and cooling facilities.

ENWIN Utilities Ltd. (*ENWIN*) is the licensed water system operator for the WUC-owned water system. *ENWIN* is also a licensed electricity distribution company serving customers in the City of Windsor.
